

Partner Programs

Flexible Options with No Monetary Obligation

We want to be your partner. Our mission is to make credit card processing easy, reliable and secure for you and your customers. We are committed to working with you hand in hand to bring the benefits of our superior products and services to your customers. Our program options give you the flexibility to choose the program that best supports your business needs.

Our partner programs feature quick approvals, superior products with 24/7 reseller and merchant support. With Payment Processing Partners, you get everything you want in a good partnership including white glove service and support for you and your customers without any monetary obligations. Take advantage of the opportunities to increase your profits with the variety of partner offerings available from Payment Processing Partners.

No financial obligation to get started

- ❑ ChargeItPro, our credit card processing software, is provided to our partners at no cost
- ❑ The ChargeItPro EasyIntegrator API and development kit is free to our partners

Increase your revenue opportunities and decrease your costs

- ❑ Use our products and services as a sales revenue tool or offer them free to your customers
- ❑ Increase revenue with a range of program options, including revenue sharing on every transaction
- ❑ Tailor our services to meet your needs including complete installation and support services for your customers 24/7

Integration into your existing systems is quick and easy

- ❑ ChargeItPro EasyIntegrator is available in a .Net DLL and a Win32 OCX
- ❑ Integration support is provided to you every step of the way
- ❑ No programming is required to integrate peripherals such as card readers, pin pads, contactless card readers and more.

Increase Customer Satisfaction

With ChargeItPro, you can offer your customers the most reliable and secure payment processing software for all types of credit cards. ChargeItPro provides fast IP processing with dial-up backup and gift card processing at no cost. You also benefit from free software updates for the life of the account and free, 24/7 service and support to you and your customers.

Extensive Sales and Marketing Programs

Let Payment Processing Partners help you with the marketing of your integrated ChargeItPro credit card solution. We can tailor our services to meet your needs with comprehensive sales and marketing support available to our partners at no cost. We can even do all the work to get your customers up and running, including:

- Sales calls: Let us discuss our solution with your customers
- Quotes: We provide comparative quotes to your customers
- Sign-up Process: We hand-hold your merchants through the entire process
- Personalized product collateral

**“Using the
EasyIntegrator, we
were able to integrate
ChargeItPro with our
Retail RMS point of
sale system in one day.
It was a breeze.”**

Gino Reynoso
VP, Development
Retail CS Inc.

Built-In Security

With ChargeItPro, you can be confident that your data is secure and your business is protected. Our products and services are built to Payment Card Industry Data Security Standards which means you can be assured you have the most up-to-date secure and compliant credit card software available. Free product upgrades will be provided throughout the life of the account to ensure continued compliance.

The Best Choice for Credit Card Processing

Unlike other companies, Payment Processing Partners makes it easy to integrate a complete credit card processing solution into your existing systems. There is no cost to developers to get started and your customers will appreciate superior, 24/7 customer service. Never before has there been such a risk-free option for developers. Payment Processing Partners will do all the work while you profit from increased revenues and your customers benefit from superior products, services and support.

About Our Company

Payment Processing Partners offers comprehensive payment processing solutions to software developers, system integrators and end users. Our flagship product, ChargeItPro eases the complexities of all aspects of credit card processing with secure design, innovative features and superior service.

With over 40 years of combined experience in the accounting, point of sale and credit card processing industries, we enable our partners to concentrate on their core business while we focus on providing problem free, profitable and mutually beneficial payment processing solutions that meet the demanding requirements of our highly competitive markets.
